SCHOOL REPORT

REPORT OF THE SCHOOL BOARD.

TO THE VOTERS OF BELMONT:

As your servants it once more becomes our duty to report the condition of your schools. For the year closed June 30 '21, we expended a total of \$10,856.16. This included High School tuition, and on 231 pupils is nearly \$50.00 per pupil. Are we getting value received for money expended.

Before the opening of the schools in Sept. the Gale building was shingled, a new cess pool built and some repairs made at Ladd Hill. Schools are being maintained in all the buildings except Jamestown.

In some districts it is next to impossible for the teacher to find a boarding place, as people do not want to open their homes to her. Now the teacher is human and must live somewhere and if the people of the district cannot accommodate her they must not complain if their school is closed and their children transported to another school. Transportation is one of the problems that confronts your board and which calls for a large outlay, last year \$1126.70 while this is a large amount we feel that the school advantages of all the pupils have been equalized by so doing. Fuel is another large item \$1050.26. Perhaps a different heating system in some of the buildings might save on fuel.

Through the efforts of Miss Ballard of the Farm Bureau, Dr. McMurphy the school physician, and the School Board, a nutrition class for underweight children, the only one in this county, has been organized at Gale school, meeting once a week. While it is too early to give results, much improvement is shown in most cases. There's no cost to the district for this.

The hot noonday lunch has been continued this winter. This

is one of the best things in our schools.

With the exception of fuel, prices of all school necessities are as high this year as last.

We recommend the following amounts as needed for next year.

One-half of one per cent on the equalized value	
of the district	\$5982.63
Necessary for High School tuition	2200.00
“ “ “ “ deficit '21-'22	600.00
“ for repairs	500.00
Per capita tax for Supervision	514.00

Respectfully submitted,

EVA L. SWAIN,	}	School Board

DANIEL W. GALE, Treasurer.

Report of the Superintendent of Schools.

To the School Board and Citizens of Belmont :

The enrollment in the schools does not vary greatly from year to year. Last year there were in all the schools 233 different pupils registered. The average membership was 195. There were eleven children who had perfect records in attendance for the entire year. I call your attention to the roll of honor printed on another page. Our present enrollment is 185.

In addition to the children in the schools of the district there are thirty-two pupils from this district in high schools. A list of these children may be of interest.

LACONIA HIGH SCHOOL.

The changes in our teaching force have not been as many as is sometimes the case. We were very sorry to lose Miss Cora Giff, the first and second grade teacher at the Gale school at the close of the year in June, but we were fortunate to secure the services of Miss Lulu Sawyer of Warner for this position. Miss Sawyer is a graduate of Keene Normal School with a year's experience before coming to us. Miss Helen Gerrish of Northwood succeeded Miss Mary Riddle in the fifth and sixth grade room. Both Miss Sawyer and Miss Gerrish are doing very good work. In our outside schools the only change was at the Union Miss Lillian Saunders, a former teacher, succeeding Miss Edith Stevens. Miss Saunders was obliged to give up this school at Christmas and Miss Sibyl Rickert is now substituting. The difficulty of securing a boarding-place for the teacher in this community is a handicap to this school.

There were thirty-six weeks of school last year in all our schools with the exception of the upper grade room at the Gale. Two weeks were lost here because of the illness of the teacher. In spite of the loss of time the work done in this room was of a high order. Two boys in this room were able to do the two years' work in one, and one of these boys, Francis Parent, has done excellent work at the Seminary this year.

As usual, closing exercises were held in June and seventeen pupils were given certificates of graduation. These exercises were of a somewhat different nature than those of recent years but were no less enjoyed, and gave evidence of hard work on the part of teachers and pupils. The following pupils received certificates :

Gale : Emma Bach, Kenneth Clifford, Edward Couturier, Norma Dow, Arthur Hill, Elizabeth Jones, Francis Parent, Eunice Tate, Clinton Trussell, John Vallier.

Ladd Hill : M. Rose Martel.

Plummer : Andrew Lareau.

Upper Province Road : Rupert Merritz, Robert Rowe.

Union : Viola Grant, Alvin Merrill, Caroline Perkins.

Eleven of these pupils entered a high school. We have reason to be proud of this record.

The physical examination of the school children this year has been made by Dr. McMurphy and I wish to testify to the thoroughness with which this work has been done. The school board in its report has called attention to the nutrition class which has been formed at the Gale school for underweight children. Undernourishment is one of the serious defects found in school children and one for which the remedy is often easily found. The success of this work will depend almost wholly upon the extent to which the parents cooperate.

The cost of maintaining the schools last year apart from administration was approximately \$11,000.00. This does not include the cost of alterations of old buildings nor the payment of high school tuition. To meet these current expenses Belmont received from the state as its share of the equalization fund a little over \$5000.00. The last legislature so revised the law that it is necessary for a district to tax itself more heavily before becoming eligible for state aid. As a result Belmont's allotment this year is about 4,000.00 only. No rebate is received from the state for high school tuition paid.

It has recently been suggested that Belmont should have a high school of its own. This is a suggestion altogether worthy of careful consideration. Without doubt a local high school would mean and bring much that is good and desirable to the community life. It is probable that more children, in the village at any rate would find it possible to attend a local school than now find it possible to go to Tilton or elsewhere. Children could be at home and the train conveyance with its undesirable features done away with. Unfortunately Belmont village is not well located to best serve all parts of the town. At present there are thirteen pupils attending the Laconia high school. These children can reach Laconia more easily than they could reach the village. It is not probable that the children living nearer Laconia could all be de-

pended upon to attend a local school. We now have over thirty children in high schools. I judge that we might expect an enrollment of twenty-five or thirty if a local high school was organized. We could not expect to draw from outside of Belmont except from a part of Gilmanton and a part of Canterbury. The cost of high school tuition this year will be about \$2200.00. It might be possible to maintain a high school after once it had become established at a cost of from \$3000 to \$3500.

I wish to thank the many who have had a part in making my work a pleasure during the past year.

Respectfully,

CHANNING T. SANBORN.

I hereby certify that the above returns are correct according to the best of my knowledge and belief.

GUY L. HAMMEL, Town Clerk.

Auditor's Report.

I have carefully examined the accounts and statements in this report by the Selectmen, Highway agents, Town Treasurer, Treasurer of the school district, Treasurer of the public library, Town Clerk, and find the orders issued represented by receipted bills, and the different vouchers and all accounts correctly cast.

I have examined the books of the tax collector, and find \$1525.96 in hands of collector.

ALBERT A SMITH,

Town Auditor
